

## **Teesside 6<sup>th</sup> April, 2007**

A new circuit for MSCC, and a bright sunny day, with only an occasional chilly breeze. The sprint was to be 1.9 laps of a very attractive circuit, some tight bends, a couple of decent straights to power down and with fresh tarmac in places. A good mix of cars, but sadly only three Mogs, so no Morgan Class today. A couple of times walking the circuit, and a convoy couple of laps gave us a good idea of braking points, but the three of us all got confused down the back straight, braking far too early for a chicane. Philip was very consistent in his times, Richard improved as the day went on, and Chris showed us just what you can do in a 'new' (to him) car. I think we had better look out, as his times show that he will be a contender for podium places. Chris has now taken the Greengrass title away from Richard, when he tested his tyres with a foray on to the grass. Luckily for him the clock broke, and he had a re-run, and improved his time. A great day out, superb circuit, but as I said earlier, a pity we were but 3 cars. Sue Tisdall again helped us ballast with her most excellent flapjack! Delighted to have Comp Sec Tony Oliver and Mary as spectators, this is a good spectator track with good facilities.
