

Aintree Racing Circuit – Sprint Course – 10805 Kms  
108/377985. 5 miles North of Liverpool. Approached by A59 South of  
M57/M58 jcn. Then B5184 to Melling Road

The start is level and has good grip. Country Corner is a full 90° left corner taken under some power, watch out for understeer as you exit. A full power short straight leads to Village Corner and your line through this corner is important, again understeer will be a problem on exit. Full acceleration towards Beechers, a firm dab on the brakes just before starting to turn, cut the corner as tight as possible, but

watch out for bumps. Possibly full power through Beechers then flat to the floor along the finishing straight. Your time is usually displayed on your right just after the finish.
